# UNLEASH YOUR TALENT WORKSHOP!

The Unleash Your Talent workshop focuses on YOU, your personal aims and the importance of personal and visual branding. In order to be visible and stand out, you have to have a presence in the digital world.

This workshop is all about your skills, talents and thinking out of the box. The objective is to define personal aims, raise awareness about networking, what it means to you to be successful and finally designing an Action Plan.

During this interactive workshop, we will focus on where you are currently as an International. We will discuss what is networking, where and how to start, and how to make it work for you. We will define your personal aims, outline strengths and focus on talent staking.

Finally, we will have a hands-on training regarding the visual elevator pitch, how to use video as a branding tool and we will top it off with a professional head shot

for each participant. *(Taken by Celine Martin-Pedersen, [www.celinephotograph.com](http://www.celinephotograph.com))*

Together we will:

- pin point our Passions, discuss Purpose and the Why
- learn about and how to talent stack
- define what networking really means and how to start
- discuss how to use LinkedIn as an active branding tool
- practice the visual elevator pitch
- have a healthy and delicious lunch
- expand your network, obtain personal and visual branding knowledge, tools and connect with other Internationals

The workshop is free of charge and will include lunch. Participation is mandatory.
